

PSY6009 – Research Project Condensed codebook

Notes:

- Wave 1 $N = 2025$
- Variable names prefixed by 'W1_' at Wave 1 and 'W2_' at Wave 2, for the present study only data from wave 1 was used.

It is recommended to use this codebook for two reasons:

- 1) The original questionnaire contains items that have not been recoded or have changed
- 2) The full C19PRC codebook contains a very large number of measures and variables, this codebook contains only those relevant for the present study.
